WHO WE ARE

The Black River Falls Figure Skating Club was founded by Janet Sternaman, Jan Goeman, and Sarah (Stutz) Sisbach and has been in existence since 1984. The Black River Falls Figure Skating Club (BRFFSC) is an independent, non-profit organization whose purpose is to promote a positive, friendly atmosphere where all members can grow, develop camaraderie, and enhance their skating abilities.

The BRFFSC is an official member of, United States Figure Skating (USFS), which is the governing body of amateur figure skating in the U.S. This organization entitles the local skaters to conduct and participate in official USFS instruction, test sessions, competitions, and ice shows.

The BRFFSC functions with an elected 9-member Board of Directors who serve 3-year terms. The Board of Directors is made up of parents who volunteer their time to manage this club to benefit all of our children. The Board of Directors elects the following officers: President, Vice President, Secretary, and Treasurer.

The BRFFSC is incorporated in the State of Wisconsin and is tax-exempt. Income sources for the BRFFSC are membership fees, annual ice show, annual Learn To Skate Competition, various fundraisers, and donations throughout the year. Membership registration is held each year in late summer or early fall.

The skating season typically runs from September/October through late March. The BRFFSC has professional skaters and coaches who provide quality instruction for its members. Skaters advance through the USFS's Learn To Skate program which consists of 6 levels through group instruction. Skaters who have passed at least the fourth level of Learn To Skate may join one of our synchronized skating teams.

Once a skater has passed through the sixth level, the skater may contact a coach and arrange for lessons on an individual basis. Freestyle and Moves in the Field sessions are available to private lesson skaters by contracting for the sessions.

The annual Learn To Skate Competition is coordinated by the BRFFSC with the Wisconsin Basic Skills Series and the USFS. It is held for those who would like to compete with other skaters at their current level. The Competition is typically held the third weekend in February and is open to all local skaters as well as skaters throughout the State of Wisconsin and neighboring States who are in the Learn To Skate program or have not passed the Pre-Juvenile Freestyle test.

The Ice Show is produced by the BRFFSC for the benefit of skaters and the community. The annual show is typically held the third weekend in March. Member families are required to help with all fundraisers, as this keeps costs down for everyone.

Major expenses for the BRFFSC include the utility costs at the Milt Lunda Memorial Arena, registration with USFS, and coaching fees. The BRFFSC shares the utility costs with Black River Youth Hockey Association during the ice season.

UNITED STATES FIGURE SKATING

USFS is the national governing body for the sport of figure skating in the United States. USFS is a member of the International Skating Union (ISU), the international federation for figure skating, and is a member of the U.S. Olympic Committee (USOC).

USFS is composed of member clubs, collegiate clubs, school-affiliated clubs, individual members, Friends of Figure Skating, and Learn To Skate programs. It is one of the strongest and largest governing bodies within the winter Olympic movement, with more than 178,000 members in member clubs, collegiate clubs, school-affiliated clubs and Learn to Skate programs. The charter member clubs numbered seven in 1921 when the association was formed and first became a member of the ISU. To date, USFS has almost 750 member clubs.

[Learn to Skate USA](#), an enhanced iteration of the Basic Skills Program, launched on June 1, 2016, and is the only beginning skating program in the country endorsed by USFS, USA Hockey, US Speedskating, Special Olympics and the Professional Skaters Association (PSA). The Basic Skills Program was developed in 1968 and, since its inception, has taught more than 2 million people how to skate. Learn to Skate USA leadership expects that rinks will transition to Learn to Skate USA ensuring skaters and their families a seamless transition as they continue their ambition on the ice. Learn to Skate USA is also actively working with rinks nationwide to start new programs.

USFS's national headquarters---located in Colorado Springs, Colo.--is also home to the World Figure Skating Museum & Hall of Fame, which is toured by more than 5,000 visitors annually.

More than 1,000 volunteers serve on USFS's Board of Directors and numerous committees. Thousands of other volunteers dedicate their time to club activities, judging, officiating and competition management.

PLANNING GUIDE & REQUIREMENTS

As a skating family, there are some basic requirements. Involvement is very important. BRFFSC is an organization run primarily by volunteers. BRFFSC families need to donate the time and efforts necessary to provide the needed services and funds. We rely on all BRFFSC families to help us provide an optimal skating environment for every skater. Therefore, families of all skaters must pay fees in a timely manner and participate in fundraising, work hours, the Ice Show, and the Competition.

Communication

The club mainly disperses information via email and the club bulletin board at the arena. Additional forms of communication are Facebook, the club website, informational meetings held before and occasionally throughout the season, and the skater's folder at the arena. It is the skater's family's responsibility to check email, the bulletin board, and the skater's folder frequently for important information.
